

Yukie Chihara

Head of Technology Service Department,
thyssenkrupp nucera Japan Ltd.

Yukie Chihara is Head of Technology at the Japanese entity of thyssenkrupp nucera in Tokyo.

For 17 years, Yukie's career has revolved around sales of industrial rotating equipment, including compressors, pumps, and gas turbines, for the global oil and gas industry. Since joining thyssenkrupp nucera in 2020, she has taken on the role of overseeing after-sales operations at the chlor-alkali plant.
